

VALUE FACTORY

October 4, 5 and 6, 2021
Virtual Event

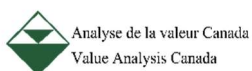

Value Management
knowledge sharing conference

Theme: Accelerate decision making with VM / VE

Organised by value enthusiasts from around the globe.
We want to help the world achieve better value!

Recommended by:

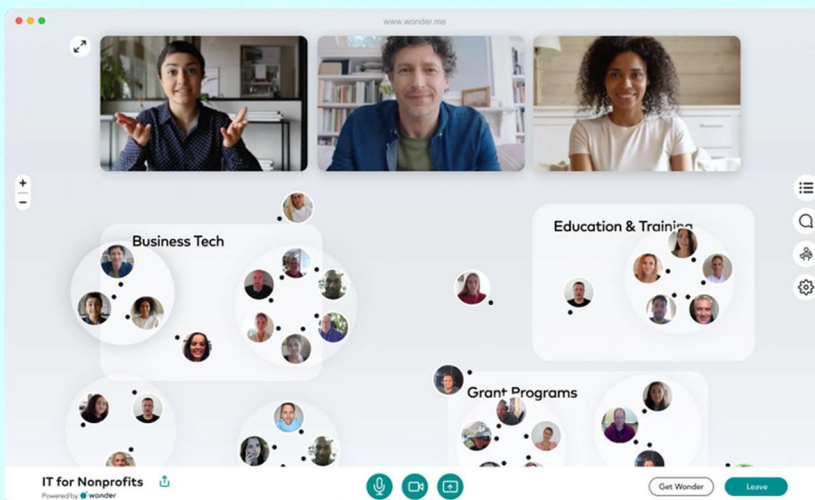

EVENT OVERVIEW

Value Factory: the interactive international online conference for everybody interested in Value Management!

If you are interested in Value Management, improved decision making, or identifying the best value solutions, you will love this new way to connect with others. Share knowledge with users who

apply VM to solve problems, improve projects, and optimise designs and services.

The Value Factory is a lively event with seminars, practical and relevant examples, trainings, workshops, networking opportunities and direct one-on-one

meetings. Agenda and registration are at <https://www.eventleaf.com/e/ValueFactory-Oct2021>

The event starts with training sessions on Monday October 4th.

On Tuesday 5th and Wednesday 6th learn how Value Management accelerates decision making and improves value around the world.

All days are from 1pm-4pm UTC (Toronto-7h / Amsterdam+2h / Jakarta +7h / Hong Kong and Kuala Lumpur +8h / Sydney +11h).

ORGANISING MATTERS

ORGANISATION

Our mission is to benefit organisations in low, middle and high income countries through the application of value management. This event is supported by value engineering organisations around the globe. Everybody is encouraged to participate in the Value Factory.

This event is organised with help from [Hein de Jong](#), [Musthaq Rabbi](#) and [SteVE Holmes](#).

SPONSORSHIP Speakers and workshop facilitators have their own page on the conference website.

Sponsors of the Value Factory will be highlighted on the front page of the website. If you are interested to sponsor, email VF@Value.FM.

Supporting organisations are mentioned on the front page of this Value Factory flyer.

ROOTS This initiative is an alternative for physical value engineering meetings during and post Covid times around the globe. It aims to grow to an international network of professional value engineers in Africa, Asia, Australia, Europe, North America and South America with high quality at low cost. And a very small CO₂ footprint.

PROGRAM Each Value Factory event has a vivid mix of speakers, networking events, interactive workshops, commercial and non-commercial training modules. See the latest agenda on the website.

WHERE AND WHEN TO REGISTER, COSTS

Registration desk for the October conference is open starting the 1st of September 2021 at the [Value Factory Conference website](#) (<https://www.eventleaf.com/e/ValueFactory-Oct2021>).

Costs for training plus conference are €25,- / person (pay with credit card at registration). Student discount available.

Info? Mail Hein@Value.FM
